

## *Pointed Valance with Tassels*

### GENERAL NOTES

- This valance can be adapted to fit any window width. The finished length of the valance is approximately 21 inches at the longest point and 12 inches at the shortest point.
- The valance works best when made from a medium-weight decorative fabric lined with a contrasting solid-color fabric. It does not work well with a striped fabric.
- Use a drapery interlining (available at most home decorative stores) to give the valance the best body and shape. In addition, the color of the contrast lining fabric does not bleed through to the face when sunlight shines through the valance.
- The valance shown in the photograph is attached to the wall with a decorative swagholder/holdback, but you can also use a curtain rod with rings.

### MATERIALS

*These quantities are for a valance for a window measuring 36" to 42". See following chart for different window widths. These amounts are based on 54" wide fabric.*

#### **Fabrics:**

- 1 ½ yards decorative fabric for the face fabric
- 1 ½ yards of contrasting decorative fabric for lining
- 1 ½ yards of drapery interlining (to add body and shape)

#### **Supplies**

- Temporary fabric maker
- 4 balloon shade rings (large enough to fit over your hardware)
- 3 tassels
- 4 decorative swagholders/holdbacks

### YARDAGE FOR OTHER WINDOW WIDTHS

<i>Window width</i>	<i>Main fabric*, contrast lining &amp; interlining</i>	<i>Tassels</i>	<i>Holdbacks</i>	<i>Balloon Shade Rings</i>
36"-42"	1 ½ yards each	3	4	4
43-56"	1 ½ yards each	4	5	5
57-70"	2 ¼ yds each	5	6	6
71-84"	2 ¼ yds each	6	7	7
85-98"	3 yds each	7	8	8

*\*These amounts are based on 54" wide fabric. Allow extra fabric for matching patterns or repeats.*
